Love of life moves us to do bigger things and achieve greater heights. Journey begins in childhood with all the adventure, fun and play, living up to greater year! All these stages call for better spaces, to spend the wonderful moments, moments of fun and frolic and everything life endows with!

"LEXA" the name echoes the fairy tale story, is a high rise apartment with all the fantasies of nature and the city combining it in a most sought out locality of the city. Mangalore is well known for its beautiful landscape with a vibrant population and city life. There will be ample shopping, entertainment and large number of tourist spots and recreation and above all it's already renowned as a location for prestigious education institutions. In every way you choose the best locality that Mangalore offers especially for NRIs, Executives and all those with connoisseur tastes.

Landmark Infratech the promoters have promoted the fine real estate projects for fine people who wish to carve a different life style. Lexa is distinctly different from all other projects with its unique characteristics and features of greater ambience to green and nature. Every space is uniquely designed for happiness and everlasting bliss.
